QUALITY OF CARE

ADULT/CHILD RELATIONSHIP

The Livingston Village Out Of School Care Project will create a warm, caring atmosphere where children can play and feel secure. Staff will utilise the Psycholudics method and be aware of each child's individual needs but have a consistent approach to all children in matters of praise, equal opportunities and discipline. All children will be encouraged to participate.

The Children who attend the Livingston Village Out Of School Project will always be respected; their views and opinions will always be heard.

CHILD/CHILD RELATIONSHIP

Staff will encourage children to include all others in their play and activities. Older children will be encouraged to share, help and relate to younger ones. Staff will help and encourage timid, shy children to join in activities.

RELATIONSHIP WITH PARENTS

Staff will foster a close, professional relationship with parents. Constructive feedback from parents will be encouraged. If a child is experiencing any problems or difficulties, time will be made available for parents to discuss these with the Coordinator or other staff member.

PLAY POLICY

The Livingston Village Out Of School project upholds Children's rights to play freely. Chosen play is extremely important in the development of all children and young people. All children are entitled to quality play provisions within their communities. This play policy has been put in place to ensure children are educated in the importance of play. Play is a learning process for all children to develop necessary skills to take them throughout their lives. Children use play in the natural environment to learn of the world, survival skills and ways to communicate with others around them. This also helps develop Physical, Social, Mental, Emotional and Creative skills.

Within the Livingston Village Out Of School Project we utilise the Psycholudics methods *[please see website for more details]* to encourage as much self-directed play as possible. We feel that self-directed play is an important factor in the learning process for the children, giving them freedom and choices in an effective way for children to learn life skills and giving them an enriched environment to explore helps to contribute to their wellbeing and development.

RISK AND RISK MANAGEMENT POLICY

Livingston Village Out of School Care Project treats risk and challenge in a positive manner, Experiencing risk and challenging play is an important part of a child's development and we offer children the opportunity to experience controlled risks during play and we respond to the children's needs to set themselves goals and challenges.

All risk-based play activities will be risk assessed by a trained and qualified member of staff prior to the commencement of the activity. If staff feel that the actual risk levels become too great [for whatever reason] ~~then~~ then the activity will not be allowed to continue, and the reasons will be explained to the children.

QUALITY OF MANAGEMENT AND STAFF

Our Club is committed to placing the best interests of children's welfare, care and development at the centre of all staffing matters.

- The Coordinator will arrange regular staff meetings where staff are able to discuss and contribute in a positive manner. The Coordinator should encourage staff to contribute to the development and quality of the programme of activities provided.
- Members of staff are expected to conduct themselves, at all times, in a professional, courteous, helpful, warm and consistent manner. In addition, staff should be mindful of their conduct out-with the club and not bring the club into disrepute.
- Members of staff are expected to display both knowledge and understanding of multi-cultural issues and a commitment to treating all children as individuals and with equal concern and respect.
- Members of staff will have regard for maintaining appropriate dress and personal appearance for working with children and with awareness of health and safety issues.
- Personal mobiles must be switched off and not used during working hours. If staff need to receive an emergency call, the person calling them should use the Main Club number.
- The Coordinator will ensure that space is made during the working day for staff to take regular breaks, ensuring that no member of staff exceeds the legal limit of six hours consecutive work without a break.

The Livingston Village Out Of School Care Project encourages parents to get involved with the Club and is managed by a volunteer Management Committee whose members are all users of the club. The Management Committee has a responsibility for recruitment, policies and fee collection. The Committee can be contacted via the website or by email to

committee@littlevillagers.org.uk or chairperson@littlevillagers.org.uk

A copy of the Management Committee constitution is available at all times on the club notice board and on the website.

STAFF TERMS AND CONDITIONS

The Coordinator and all staff (including students and volunteers) will be suitably qualified, have relevant experience and have undergone Disclosure Scotland checks. The Club will not employ staff or volunteers that have been convicted of an offence or have been the subject of an order that disqualifies them from registration under regulations made under schedule 9A of the Children's Act 1989. Disclosure checks will be updated every three years.

Our full staff Disciplinary Policy can be found in **Appendix v3**

STAFF TO CHILDREN RATIOS

Livingston Village Out of School Care Project will ensure that all legal requirements are met in respect of Staff/Child ratios.

The Coordinator will further ensure that suitable and sufficient contingency plans are in place to cover emergencies, unexpected staff absences, staff breaks, holidays and sickness.

RECRUITMENT

All staff will be recruited by the Management Committee. Successful candidates will be selected on the basis of their experience/qualifications and merits.

The Club operates an equal opportunities policy when taking on staff, to ensure that no prospective employee suffers direct or indirect discrimination or victimisation.

All candidates for posts within the club will complete an application form. A checklist of skills, knowledge and experience requirements for the post will be matched against applications in order to select for interviews. Suitable candidates who fit the requirements will be interviewed and the checklist used again to explore in more depth the candidate's suitability for the post.

USE OF VOLUNTEERS

Volunteers will be subject to the same recruitment and selection process as paid members of staff.

Volunteers will always be supervised by a qualified member of staff. All volunteers will also need to go through a Disclosure Scotland PVG check before coming in contact with the children

Volunteers will be used alongside and not instead of, staff members. .

CONFIDENTIALITY

Staff have a right to privacy, as do children and their parents/carers. Personal details should not be discussed except in exceptional circumstances.

Staff will not talk about individual incidents or the behaviour of children in front of parents/carers and other children.

Under no circumstances should staff provide any information about children to any branch of the media. All media enquiries should be passed in the first instance to the Coordinator.

When you talk with a staff member or volunteer, you have the right to expect that anything you say will not be passed on or spoken about with anyone outside the club without your permission, unless it falls into the exempt categories. In this sense, the information you as a Parent/Carer are disclosing is of a confidential nature.

Livingston Village Out of School Care Project agrees that confidentiality is essential in the conduct of its affairs and respects the Parents/Carers' rights not to have personal details passed to other people without their knowledge or consent.

EXEMPTION FROM CONFIDENTIALITY

There are certain exemptions when it may be necessary to pass on information

Child Protection

Livingston Village Out of School Care Project through the provision of an Out of School Club has a duty and a responsibility to the welfare of the children attending the Club. The appointed Child Protection officer for the club is Nicola Jane Thom.

At the same time Livingston Village Out of School Care Project respects the rights and responsibilities of Parents/Carers, provided they do not conflict with the child's right to be protected from harm and to be consulted.

To this end, Livingston Village Out of School Care Project in co-operation with other key agencies involved in Child Protection will implement the procedures and practice guidelines as laid down by West Lothian Council. These guidelines in effect require Livingston Village Out of School Care Project to respond to a child disclosing information and may therefore be withheld from the Parent/Carer, unless Livingston Village Out of School Care Project has been authorised to do so from other relevant agencies.

The Management Committee is aware that it must contact the Care Inspectorate, under the terms of **The Children Act [2003]**, if any circumstances have changed significantly within the Club set-up (e.g. a move to different location within the same building). The Club will adhere to all matters of law within **The Children Act [2003]**, and will be required to follow the Quality Standard published by the Care Commission.

The Club will display its certificate of registration and make available a copy of the Care Commission report to parents on request. It will also display its certificates of insurance.

BREACH OF CONFIDENTIALITY

Where a Parent/Carer considers that there has been a breach of confidentiality, they may make a formal complaint and are asked to follow the guidelines and procedure as contained within The Livingston Village Out of School Care Project Complaints procedure (detailed in this policy under 'Complaints Procedure').

CONCLUSION

It is anticipated and expected that all staff, volunteers and Parents/Carers respect the principle of confidentiality in the context of this document and adhere to it.
(Further details of the Club's confidentiality procedures are available in Appendix v3)

ABSENCES

Staff should negotiate statutory annual leave with the Coordinator, in all cases giving as such notice as possible.

If staff are unable to attend work due to illness or other medical condition, they must contact the Coordinator prior to the start of the working day.

Staff should indicate why they are unable to attend work and when they expect to return. On returning to work, staff should complete a self-certification form for any sickness absence.

The Coordinator will keep records of all sick-leave, other absences and lateness.

Full details of the staff Absence policy can be found in Appendix v3.

WHISTLEBLOWING

This policy will provide individuals within Livingston Village Out Of School Project protection from victimisation or punishment where they raise genuine concern about misconduct or malpractice within the club.

The policy is underpinned by **The Public Interest Disclosure Act [1998]**.

This policy is intended to nurture a culture of openness within Livingston Village Out Of School project, which makes it safe and acceptable for employees and volunteers to raise, in good faith, a concern they may have regarding misconduct or malpractice.

(See Appendix v3 for full details)

AGEISM POLICY

From 1 October 2006 the **Employment Equality (Age) Regulations** make it unlawful to discriminate against employees, job seekers and trainees on the grounds of age.

The regulations cover workers of all ages – young and old – and all employment and vocational training. This includes all workforce management processes including: access to help and guidance, recruitment, training, promotion, pay, benefits and particularly retirement and redundancy.

The company will ensure that any policies, practices or routines that we operate are age compliant.

Specifically, we ensure that we understand the age make-up of our workforce and use this information to identify potential workforce issues relating to age.

We will take positive action to

- Offset any future staffing crises (for example if a large number of our staff are due to retire at the same time)
- Make sure everyone is being treated equally, regardless of his or her age
- Staff involved in workforce management are fully aware of their responsibility not to discriminate on the basis of age or other grounds
- There are routines or practices in place to check that no bias, deliberate or unintentional, influences any management decisions.

Livingston Village Out of School Care Club Project, through the provision of an Out of School club, has a duty and a responsibility to the welfare of the children attending the Club. ***Please remember to let the club know by phone or text if your child is not attending a booked session.***

- ◆ If a child/children are booked into the club and parents fail to notify the club that their child/children will not be attending the following steps will be taken.
- ◆ We will speak with the school to find out if your child/children has attended school that day, as they have a policy in place for the absence of children we will therefore not contact the parent's
- ◆ If the school inform us that your child/children have attended school that day, one member of staff will have a brief look around the surrounding school area as another contacts the parent's immediately on all contact numbers
- ◆ If no contact can be made with the parent's then the police will be notified of the situation, we will also continue to try and contact the parent's until communications have been made.

SETTLING IN POLICY

We want children to feel safe, stimulated and happy in Livingston Village Out of School Care Project and to feel secure and comfortable with staff. We also want parents to have confidence in both their children's well-being and their role as active partners with our club. We aim to make Livingston Village Out of School Care Project a welcoming place where children settle quickly and easily because consideration has been given to the individual needs and circumstances of children and their families.

Before a child starts to attend our club, we use a variety of ways to provide his/her parents with information. These include written information (including our handbook and

policies), displays about activities available within Livingston Village Out of School Care Project, and up to date information on our website.

We will closely monitor all new attendees at Livingston Village Out of School Care Project and provide verbal reports to parents/guardians upon collection of how they are settling in.

COLLECTING CHILDREN FROM SCHOOL

Each week, a list of the children attending Little Villagers that week for each day and for each primary should be passed to Livingston Village School for distribution to the teachers.

At collection time, one member of the Little Villagers staff will be present at the toilets at the infant block, the toilets at the P3 block and the toilets at the P7 block.

Wherever possible, full time members of staff should collect the children. Contract staff should only be used to collect children when it's not possible for permanent members of staff to do so and they should have their Livingston Village Out of School Care Project uniform on.

As the teachers from each class lead their children out of school, they will have those children attending Little Villagers at the front of the queue to meet the staff.

The teacher will confirm which children they have from their class who is present and attending Little Villagers that day and the staff member will confirm.

The staff member will then lead the children back to the Little Villagers room (through the school) where a full role call will be done.

In the event that a child has told their teacher that they are not attending Little Villagers that day but we (Little Villagers have not been informed) the child should be asked to return to the Little Villagers room with the staff until the Childs parent (or nominated contact) is contacted to confirm that the child is indeed not to attend

LVOOSCP RESPONSIBILITY FOR CHILDREN

Livingston Village Out of School Care Project cannot be legally responsible for a child until that child has been handed over/delivered to our premises by a registered responsible person. This can be a parent, guardian, nominated relative/friend, teacher etc.

If children appear in our premises without an adult they will be refused permission and if necessary Social Services will be informed

MISSING CHILD

Should a child go missing from our club -

1. The person in charge will carry out a thorough search of the building and garden.
2. The register is checked to make sure no other child has also gone astray.

3. Doors and gates are checked to see if there has been a breach of security whereby a child could wander out.
4. Person in charge talks to staff to establish what happened
5. If the child is not found the parent is contacted and the missing child is reported to the police.

If a child goes missing from an outing where parents are not attending and responsible for their own child, the setting ensures that there is a procedure that is followed:

1. As soon as it is noticed that a child is missing, staff on the outing ask children to stand with their designated person and carry out a headcount to ensure that no other child has gone astray. One staff searches the immediate vicinity but does not search beyond that.
2. The person in charge is informed, if s/he is not on the outing and makes his/her way to the venue to aid the search and be the point of contact for the police as well as support staff.
3. Staff will take the remaining children back to the setting.
4. The person in charge of the setting contacts the child's parent who makes their way to the setting or outing venue as agreed with the person in charge.
5. The staff contacts the police using the mobile phone and report the child as missing.
6. In an indoor venue, the staff contacts the venue's security who will handle the search and contact the police if the child is not found.
7. The person in charge contacts the chairperson of the management committee who comes down to the setting as soon as possible.

The investigation

1. The owner / Co-ordinator carries out a full investigation taking written statements from all the staff present at the time, or who were on the outing.
2. The key person / staff writes an incident report detailing: 1. the date and time of the report;
3. What staff / children were in the group/outing;
4. When the child was last seen in the group/outing;
5. What has taken place in the group/outing since then;
6. The time it is estimated that the child went missing.
7. A conclusion is drawn as to how the breach of security happened.

8. If the incident warrants a police investigation all staff co-operate fully. In this case, the police will handle all aspects of the investigation, including interviewing staff. Social Services may be involved if it seems likely that there is a child protection issue to address.
9. The incident is reported under RIDDOR arrangements and is recorded in the incident book; the local authority health and safety officer may want to investigate and will decide if there is a case for prosecution.
10. Care Inspectorate is informed.
11. The school is informed.

NON COLLECTION OF CHILDREN POLICY

In the event that a child is not collected by an authorised adult at the end of a session / day, Livingston Village Out of School Care Project puts into practice agreed procedures. These ensure the child is cared for safely by an experienced and qualified practitioner who is known to the child.

We will ensure that the child receives a high standard of care in order to cause as little distress as possible. We inform parents/carers of our procedures so that, if they are unavoidably delayed, they will be reassured that their children will be properly cared for.

Methods

Parents of children starting at Livingston Village Out of School Care Project are asked to provide specific information which is recorded on our Registration Form, including:

1. Home address and telephone number - if the parents do not have a telephone, an alternative number must be given, perhaps a neighbour or close relative;
2. Place of work, address and telephone number (if applicable);
3. Mobile telephone number (if applicable);
4. Names, addresses and telephone numbers of adults who are authorised by the parents to collect their child from our pre-school, for example a child minder or grandparent;
5. Information about any person who does not have legal access to the child;
6. Who has parental responsibility for the child.

On occasions when parents are aware that they will not be at home or in their usual place of work, they must inform staff.

On occasions when parents or the persons normally authorised to collect the child are not able to collect the child, they tell staff the name, address and telephone number of the person who will be collecting their child. We agree with parents how to verify the identity of the person who is to collect their child.

If parents are not able to collect the child as planned, they must notify us so that we can take back-up procedures. We provide parents with our contact telephone number. We also inform parents that - in the event that their children are not collected from our club by an authorised adult and the staff can no longer supervise the child on our premises - we apply our child protection procedures as set out in our child protection policy.

If a child is not collected at the end of the session, we follow the following procedures:

1. Check for any information about changes to the normal collection routines.
2. If no information is available, parents/carers are contacted at home or at work.
3. If this is unsuccessful, the adults who are authorised by the parents to collect their child from our club and whose telephone numbers are recorded on the Registration Form - are contacted.
4. All reasonable attempts are made to contact the parents or nominated carers.
5. The child does not leave the premises with anyone other than those named on the Registration Form or advised previously by the parent.
6. If no-one collects the child and the premises are closing or staff are no longer available to care for the child, we apply the procedures for uncollected children. We contact our local authority social services department.
7. The child stays at Livingston Village Out of School Care Project in the care of two fully-vetted workers until the child is safely collected either by the parents or by a social worker;
8. Social services will aim to find the parent or relative if they are unable to do so, the child will be admitted into the care of the local authority.
9. Under no circumstances are staff to go to look for the parent, nor do they take the child home with them.
10. A full written report of the incident is recorded in the child's file.
11. Depending on circumstances, we reserve the right to charge parents for the additional hours worked by our staff at a rate prescribed in the **Terms & Conditions**

BEHAVIOUR OF CHILDREN

A Policy on Discipline and Behaviour exists and children will be made aware of the rules and the consequences of misbehaviour when first joining the Club and time will be taken to explain to the children the reasons for these 'ground rules'.

(Full details of the Behaviour, Bullying and Suspensions policy please see Appendix v3)

PHOTOGRAPHING, VIDEOING AND FILMING OF CHILDREN

The club recognises that parents like to see what their children have been up to and Staff will use a Club Camera to take photographs during activities, these will be available on our Secure Parents Area on the website. This can be accessed by registering with the club and receiving a password. This must not be disclosed to any other person.

PARENTAL RESPONSIBILITY

The Adoption of Children Act [2002] has made some changes to the law regarding parental responsibility. An unmarried father of a child whose birth is registered after 1 December 2003 obtains parental responsibility providing that he is named on the child's birth certificate.

An unmarried father of a child whose birth was registered before 30 November 2003 has the option to acquire parental responsibility through a voluntary agreement with the mother or a parental responsibility order. Through the court he can additionally acquire parental responsibility through the methods outlined below.

Unlike the mother's parental responsibility, any parental responsibility given via an order gives the bearer of the order parental responsibility.

Parental responsibility can only be ended if the child is adopted or the order is discharged.

The only person who can apply for a parental responsibility order is the unmarried father or a married step-parent.

Any person who obtains a residence or special guardianship order obtains parental responsibility for a child up to the age of 18 years unless the order is discharged.

If the unmarried father marries the mother he will gain parental responsibility through the "presumption of legitimacy" and would thus be ineligible to apply for the order.

An unmarried father is the man who has his name on the child's birth certificate. If a man not named on the birth certificate claims to be the child's unmarried father, a court may consider an application for a Section 4 Parental responsibility order.

Mothers and fathers of children can give parental responsibility to unmarried fathers, or a married step-parent, through a voluntary agreement. Once given, only a court can discharge this agreement.

The father, a married step-parent, anyone else with parental responsibility or the child can apply for this agreement to be discharged
